

Comfort over mid and long periods

The open shape features a **deep seat and high backrest**, and is reliably strong and **padded with ergonomic foam**. This maintains user comfort and allows small but important adjustments to your seated position.

Steelcase®

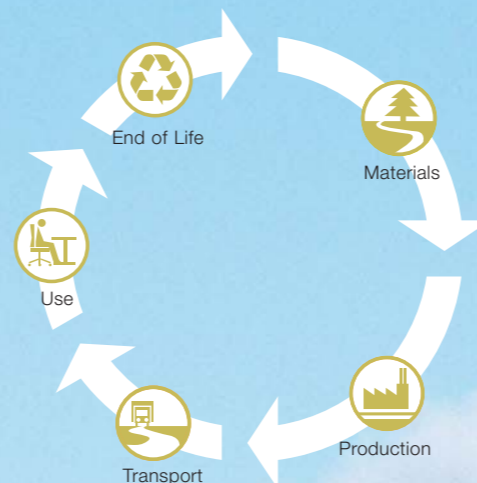

Do what you do better.™

Steelcase

Welcome your guests with Eastside, a visitor chair offering **high performance versatility** and good looks – and that feels **comfortable in any office environment**. Its clean, neutral looks will match the design of your existing task chairs.

Eastside in detail The unique rectangular structure and openness of the arms gives Eastside a classic identity.

Low impact

Eastside uses a reduced number of low energy materials with minimum impact on the environment: steel, polypropylene, foam and fabric.

No screws

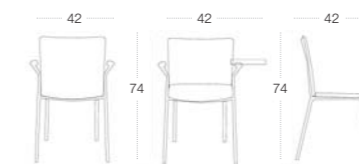

Eastside has no screws, ensuring quick and easy assembly – and disassembly at the end of its life.

98% potentially recyclable

Eastside is almost totally recyclable. 98% of its components by weight are easily recycled.

"NF Environnement" certification This voluntary certificate based on ISO 14024 has been awarded to Eastside for its reduced effect on the environment. For more details about the environmental performance of Eastside, please ask your Steelcase dealer for the document entitled **"Environmental Product Declaration"** (EPD).

Eastside is available in any seating finish. **Configure Eastside to the task** with armrests, castors or a writing table. All versions are fully stackable (6) and compatible with a dolly (6) and trolley (8).
